

Wood Badge – 2010 – February 2010

Wood Badge, the Centennial Course – Exceeding Expectations

Wood Badge = Leadership. This includes Scout Leaders from across the spectrum; Cubs, Boy Scouts, Venturing, Commissioners, young and old, experienced and new Leaders, all 8 districts and even some from neighboring councils.

If you have any doubt about what Wood Badge offers you both as a Scout Leader and personally, we share with you the words of a few recent participants:

- I had only a basic idea of what the course would be; but in reality it was life-changing, mind opening, and inspiring!
- I expected more outdoor activities but I enjoyed the Leadership parts more than I could have imagined.
- The course exceeded expectations. Applicability of the course content, beyond BSA, was unexpected. Quality and thoroughness of instruction very good.
- I am better prepared to assist my troop, community, and family to grow and develop.
- More- Great information on Leadership.
- Way more than I expected.
- The course was much better than I expected. When I signed up I thought I would be camping with a bunch of Scouters I did not know. However, I have made lifelong friends and memories that will last a lifetime.

One year ago these Scout Leaders were just like you; enjoying their involvement in Scouting. They chose to take their leadership to the highest level in Scouting – Wood Badge. They expected to return with better skills. What they brought back and immediately began sharing with their Scouts and their Units was beyond expectation. Our Scouts would call it “awesome!”

If you want to be “awesome” in the eyes of your Scouts, attend Wood Badge- the Centennial Course. Consider yourself invited to be one of only 48 leaders who will have the chance to attend in 2010. Because- Every Scout Deserves a Wood Badge Trained Leader.

April 30-May 2 and May 22-24, 2010. Registration materials are available on the BRMC web site, from your District Training Chair, from your D.E., or any Wood Badge graduate.
